

# NOBODY ELSE

Jake Miller

Talking with your eyes  
Talking with your eyes  
They say hold me  
(They say hold me)

Body is so defined  
Perfectly designed  
Like it knows me  
(Like it knows me)

Ooh-ooh  
We move like we're all alone  
In a crowded place  
Ooh-ooh  
She pulls me and I seem close  
(Seem close)  
Then I hear her say

That I

Can't see me leaving with nobody else  
Can't see me leaving with nobody else  
Don't let me go home alone by myself  
With nobody else  
Nobody else

Nobody, nobody, no  
Nobody, nobody else  
Nobody, nobody, but you (nobody else)  
Nobody, nobody, no  
Nobody, nobody else  
Nobody, nobody, but you (nobody)

Write it on my lips  
Feel your fingertips  
They control me  
Oh, baby

Let's take a little trip  
Take another sip  
Until we're floating  
Oh, baby

Ooh-ooh  
We move like we're all alone  
In a crowded place  
Ooh-ooh  
I pull you and I seem close  
Then you hear me say

That I

Can't see me leaving with nobody else  
Can't see me leaving with nobody else  
Don't let me go home alone by myself  
With nobody else  
Nobody else

Nobody, nobody, no  
Nobody, nobody else  
Nobody, nobody, but you (nobody else)  
Nobody, nobody, no  
Nobody, nobody else  
Nobody, nobody, but you (nobody else)

Can't see me leaving with nobody else  
Can't see me leaving with nobody else  
Don't let me go home alone by myself  
With nobody else  
Nobody else

Nobody, nobody, no  
Nobody, nobody else  
Nobody, nobody, but you (nobody else)  
Nobody, nobody, no  
Nobody, nobody else  
Nobody, nobody, but you (nobody else)
