

# Sunshine

Jake Miller

[Intro]

Will I see you again when I'm lost in the dark?  
Will you be there for me when I look at the stars?

[Verse 1]

I drove by your house the other day  
I saw your mom packing up all your stuff in boxes  
She misses you, but I know she'll be okay  
She's staying strong, I guess that's all part of the process  
Your dad's a mess and I cry every time I see him  
Cause it reminds me of my dad, I couldn't imagine it  
That matching tattoo that you got with him a while back?  
He shows it off to everybody, he's so proud of it  
And he's so proud of you, I know you're happy now  
I know you're up there, every day I feel you shining down  
But now the only thing that's running through my head  
Are all the words that I wish I would've said

[Pre-Chorus]

Yeah, I wish I would've said  
Now the only thing that's running through my head  
Are all the words that I wish I would've said

[Chorus]

You're my fallen angel  
Why'd you go away?  
You're my fallen angel  
But I'll see you again someday  
And we will fly high, oh  
Yeah, fly high, oh  
Together

[Verse 2]

We call you sunshine cause you were always such a ray of light  
I looked up to you and admired your outlook on life  
Remember that song we made together back in 12th grade?  
I pray to God that I rap again with you someday  
I wish you could see all of the people you've touched  
God, everything is different now, we miss you so much  
I'll never forget you, you'll always be in my heart  
When I'm lost, you'll be the light that I look to in the dark

[Pre-Chorus]

Cause the sun don't rise without sunshine  
Don't worry 'bout us, we'll be just fine  
No, the sun don't rise without sunshine  
Don't worry 'bout us, we'll be just fine

[Chorus]

You're my fallen angel  
Why'd you go away?  
You're my fallen angel  
And we'll see you again someday  
And we will fly high, oh  
Yeah, fly high, oh  
You're my fallen angel  
Why'd you go away?

You're my fallen angel  
But I'll see you again someday  
And we will fly high, oh  
Yeah, fly high, oh  
Together

[Outro]

Will I see you again when I'm lost in the dark?  
Will you be there for me when I look at the stars?  
Will I see you again when I'm lost in the dark?  
Will you be there for me when I look at the stars?
