

# WAIT FOR YOU

Jake Miller

Wait for you  
Wait for you

You say your heart is too fragile  
Maybe we should keep it casual, that's fine, that's fine (Wait)  
He broke your heart into pieces  
I know that you are still healing, that's fine, it's alright

I think you could use someone like me  
But you ain't ready yet, you're scared to love again  
I think you could use someone like me  
It's killing me inside, but you can take your time

'Cause I'll wait for you  
No matter how long I have to  
Oh, I'll wait for you  
And every night, I'm hurtin'  
But I know you'll be worth it  
So I'll wait

I will wait for you (I will wait for you)  
I will wait for you (I will, I will)  
I will wait for you (I will wait for you)  
I will wait for you (I will, I will)

I start to run out of patience  
When I start picturing you naked, no lie, no lie  
You're sleeping alone but I'm jealous  
'Cause I got a space in my bed that's your size, your size

I think you could use someone like me  
But you ain't ready yet, you're scared to love again  
I think you could use someone like me  
It's killing me inside, but you can take your time

'Cause I'll wait for you  
No matter how long I have to  
Oh, I'll wait for you  
And every night, I'm hurtin'  
But I know you'll be worth it  
So I'll wait

I will wait for you (I will wait for you)  
Yeah, I'll wait  
I will wait for you (I will, I will)  
As long as it takes  
I will wait for you (I will wait for you)  
I will wait for you (I will, I will)

Watch the seasons change, but you still can't make  
Up your mind, how much time do I have to waste?  
Always get that rush when my phone lights up  
It's never you, I should just give you up, but

I'll wait for you  
No matter how long I have to  
Yeah, I'll wait for you

And every night, I'm hurtin'  
But I know you'll be worth it  
So I'll wait
