

# Drivin' All Night

Jake Owen

There was nothing as pretty in Panama City as you  
That's what I took away from that spring break that year  
And there wasn't no shortcut down to LSU  
But it wasn't like it was hard talking me into

Driving all night, driving all night  
Driving like a bat outta Hell  
Cheap motel's calling my name  
No way I'm stopping this Chevy  
Red Bull's keeping my lead foot heavy  
1, 1:30, 2, 2:30, 3 AM  
Steve Earle out, Tom Petty back in  
Bird dog working hard, giving them blue lights away, hey  
Driving all night, driving all night, driving all night  
Just to hold you for a day

You're a rum runner kiss that I still get drunk on  
You're a text, you're a call that falls out of the blue  
You're a snapshot in my head and on my phone  
And you ain't gotta ask twice, I'm already gone  
Girl, I'm gone

Driving all night, driving all night  
Driving like a bat outta Hell  
Cheap motel's calling my name  
No way I'm stopping this Chevy  
Red Bull's keeping my lead foot heavy  
1, 1:30, 2, 2:30, 3 AM  
Steve Earle out, Tom Petty back in  
Bird dog working hard, giving them blue lights away, hey  
Driving all night, driving all night, driving all night  
Just to hold you for a day

Girl you ain't never too out of the way  
All you gotta do is say the word and I'll get to you  
I keep rocking and a rolling right on through

1, 1:30, 2, 2:30, 3 AM  
Tom Petty out, Steve Earle back in  
Bird dog working hard, giving them blue lights away, hey  
Driving all night, driving all night, driving all night  
Just to hold you for a day

You keep me driving all night

There was nothing as pretty in Panama City as you
