

Wide Awake

Jake Owen

Girl I know it's late for me to be callin'
But what else was I gonna do
I wake up with a heart full of love
And no one around to give it to

It's just me here staring up at the ceiling
Feelin' like a watch that's been wound too tight
Nothin' but the sound of the box cars rumblin'
In the middle of the night

And I'm wide awake thinkin' bout you baby
I'm wide awake and I'm goin' crazy
I'm wide awake
Now honey how about you?

Don't ya ever feel like this 'ole rock we're ridin'
Is only ruenin' to wear yah down
And don't yah wish that you had someone there
To wrap your lovin' arms around

And I'm wide awake thinkin' bout yah baby
I'm wide awake and I'm goin' crazy
I'm wide awake
Now honey how bout you?

Ah honey how bout you?

And I'm wide awake
Oh, I'm thinki'n bout ya baby

I'm wide awake
Ah, and I'm goin' crazy
I'm wide awake
Now honey how bout you?

How bout you baby?

You know I'm wide awake
And I'm thinkin bout ya
I'm wide awake
Oh, and I'm goin' crazy
I'm wide awake
Now honey how about you

How bout ya baby?
