You walked into the room

And now my heart has been stolen

You took me back in time to when I was unbroken

Now you're all I want

And I knew it from the very first moment

Cause a light came on when I heard that song

And I want you to sing it again

I swear that every word you sing
You wrote them for me
Like it was a private show
But I know you never saw me
When the lights come on and I'm on my own
Will you be there to sing it again
Could I be the one you talk about in all your stories
Can I be him

I heard there was somone but I know he don't deserve you If you were mine I'd never let anyone hurt you I wanna dry those tears, kiss those lips It's all that I've been thinking about Cause a light came on when I heard that song And I want you to sing it again

I swear that every word you sing
You wrote them for me
Like it was a private show
But I know you never saw me
When the lights come on and I'm on my own
Will you be there to sing it again
Could I be the one you talk about in all your stories

Can I be the one
Can I be the one
Can I be the one
Oh, can I, can I be him

Won't you sing it again Oh, when you sing it again Can I be him Won't you sing it again Oh, when you sing it again Can I be him

I swear that every word you sing
You wrote them for me
Like it was a private show
But I know you never saw me
When the lights come on and I'm on my own
Will you be there, will you be there
Can I be the one you talk about in all your stories
Can I be him
Can I be him
Can I be him
Can I be him
