

# I Walked Alone

James Brown

I walked alone yes that's true  
I get the blues from thinkin' of you  
And it hurts, yes, yes, I know it hurts  
Though we're apart oh yes though we're apart

Baby please walk too, baby please walk too  
Baby please walk too, baby please walk too  
Baby please walk too

Baby if you be one more life  
Baby take me in your arms at night  
Baby case out all of man  
Baby please, one more chance

Baby please walk too, baby please walk too  
Baby please walk too, baby please walk too  
Baby please walk too

Baby I just can't think about nobody but you  
You know you're mine, yes everything you do  
Baby give me my old romance
