

Blue Pastures

James

Blue pastures - fade away
Green rivers in silver light
I'm walking to the sound of distant bells
So peaceful I don't know who I am
And just when I think its clear It turns all grey again
And I wonder who will find me in the snow
And just when I thought I was free I got pulled in again
Once your in, your in.

Blue pastures calling home
I'm Walking but I can't stand anymore
hear voices can't tell near or far
weird voices - Lay me down
And I don't see why I'm obliged to just carry on
When everything I touch turns out wrong
And I feel I've committed some crime - but I don't know what I've done
One Day Life just wins
One day life just wins

Still breathing but I'm Tired and I wanna go home
Still breathing but i'm not sure anymore
Still breathing But it doesn't really matter if I fade away.
Fall into this sleep - fall into the deep
