

Fear

James

Fear takes my breath away
I'm saving my skin
Dogs bark at a stranger's feet
I act without thinking

Fear fights for the driver's seat
Keeps braking the chain
Next time he rides in the boot
We got wise to his game

We be giant or small
Satellite's askew
Compensate for fear of falling
I'm afraid of you

Shadows on the wall
I'm afraid of you
They dissolve when we start talking
You must want it too

Fear
