

# Interrogation

James

Who do I blame  
Impale  
When I have nailed someone  
Nailed someone for crimes  
I harbour in my mind  
My self-righteous mind  
When I have raised my colours  
Raised my colours high  
These chains I've forged  
Sinking like a stone  
Sunk to depths  
Interrogation  
All I judge  
I have become  
Interrogation  
Of my own

Let the records show  
Liars, lies and self-deceit  
Liars, lies and self-deceit  
Digging a hole, digging a hole, hole  
Liars, lies and self-deceit  
Liars, lies and self-deceit  
Digging a hole, digging a hole

Scrape the blade  
Under my jaw  
Where I have caught myself before  
This blade repeats mistakes  
Tiny lies  
Where I have nicked myself  
The lies drain out the light

Holes  
Liars, lies and self-deceit  
Liars, lies and self-deceit  
Digging a hole, digging a hole, hole  
Liars, lies and self-deceit  
Liars, lies and self-deceit  
Digging a hole, digging a hole
