

## Little L

Jamiroquai

There you were freaking out,  
Trying to get your head around the fact that me and you and love is dead  
See how I'm trippin out  
'cause you can't decide what you really want from me

Why does it have to be like this?  
I can never tell  
You make me love you, love you baby  
With a little L

There you were shouting out  
Cranking up your altercations, getting upset in your desperation  
Screaming and hollering  
How could this love become so paper thin?

You're playing so hard to get  
You're making me sweat just to hold your attention  
I can't give you nothing more  
If you ain't givin' nothing to me

Don't you know that

you make me love you, love you baby  
with a little L  
why does it have to be like this  
I can never tell

Seems like you're stepping on the pieces  
of my broken shell  
'cause you make me love you, love you  
with a little L you know  
that's the way you make me love you yeah

Why does it have to be like this?  
I can never tell  
You make me love you, love you baby  
With a little L.
