

# When I Think of You

Janet Jackson

Ooh, baby, anytime my world gets crazy  
All I have to do  
to calm it,  
Is just think of you

'Cause when I think of you, baby,  
Nothin' else seems to matter  
'Cause when I think of you, baby,  
All I think about is our love

I... just get My heart attached to you when  
You hold me in your arms, and squeeze me  
And you leave me making me blue

'Cause when I think of you, baby,  
Nothin' else seems to matter  
'Cause when I think of you, baby,  
All I think about is our love

So in love (So in love)  
Ooh (So in love)  
With you (So in love)  
Baby (So in love)Ooh (So in love)  
Hee (So in love)With you (So in love)  
(So in love)When I think of you...

(When I think of you)  
When I think of you...  
(When I think of you)  
Bass

I'm...so in love  
I just think of you  
If you're not around  
Oh

When I think of you (So in love)  
Ooh (So in love)  
So in love (So in love)  
With you (So in love)  
Baby ooh (So in love)  
Ooh (So in love)  
So in love (So in love)  
With you (So in love)
