

Bring home the bacon and broccoli
A-Town monopoly
Brass knuckle Benton, no fuck niggas stopping me
Break 'em up properly
Ill nigga fuck up your Empire, stick my dick raw in Taraji P
I come from a era where niggas wear Polos and swimming trunks
Put the gun through the back of your lil' sister head, told the bitch to get
in the trunk
Ándale, ándale, I blew 100k
Interstellar bitch like Mathew McConaughey
These niggas wilding, they won't put they guns away
They want their cheddar, buy blue cheese and monterey
I'm trying to smash a Kardashian
Crawl through the check then I cash it in
I'm after the throne no Baratheon
Make sure these niggas can't rap again

Grew up with roaches inside of my Frosted Flakes
Now I am having an awesome day
I come and eat and you all are prey
The bully is here bitch you all should pray
Make sure the pistol a toss-away
Cause if that fuck nigga get out of line
He finna get his ass off today

My uncle on crack, want to borrow my 9
These haters throw shade, want to borrow my shine
They switch up and transform like Optimus Prime
Son of a gun like I came from a Tec, niggas came for your neck, cause we cam

And she don't swallow cum so I came on her neck

Put your money on me, nigga I am the underdog
God told me go to the top, Jarren shine, get the fuck from up under y'all
