

# Friends of Mine

Jason Blaine

[Jason Blaine:]

Well that eagle flew right out of the blue  
And dropped off a little overtime pay  
So I threw the wolves a bone and I shined up the chrome  
On my new getaway  
And I picked my baby a handful of daisies from the shotgun side of the road  
Now here we go

Come on make some noise everybody lets have a little fun tonight  
Forget about your worries ain't nobody in a hurry to see that morning light  
Find a cup fill it up  
We got more than enough to rock on and on all night  
Nothing like a good time spent with a few good friends of mine

[Gord Bamford:]

Yeah with the crowd and drinks  
Somebody's personal ink  
Is bound to pop on out

[Deric Ruttan:]

And some well fed dude is gonna get half nude  
And crash out on the ground

[Chad Brownlee:]

Yeah them good time Charlies they sure love to party  
Throw down at the end of the day

[Jason McCoy:]

Now what do ya say

[All:]

Come on make some noise everybody lets have a little fun tonight  
Forget about your worries ain't nobody in a hurry to see that morning light  
Find a cup fill it up  
We got more than enough to rock on and on all night  
Nothing like a good time spent with a few good friends of mine  
Whoa whoa whoa  
Yeah come on

[Jason Blaine:]

Come on make some noise everybody lets have a little fun tonight  
Forget about your worries ain't nobody in a hurry to see that morning light

[All:]

Find a cup fill it up  
We got more than enough to rock on and on all night  
Nothing like a good time spent with a few good friends of mine  
Yeah  
With a few good friends of mine  
Whoa
