

The Wonder

Jason Gray

I wanna chase it like a summer firefly
I won't stop until I hold it in my hands
I wanna feel it like Christmas morning
Or like a children's story
Read it to me again

Fill me up, fill me up with the wonder
Give me a child-like heart
God help me rediscover
How wonderful You are
Wake me up, wake me up with the thunder
The beat of my Father's heart
God I wanna feel the wonder
Of how wonderful You are

I wanna ride it like a roller coaster
Take me up and over, and let me fall
Like a kid with my eyes closed, jumping into the deep end
I wanna live in the freedom of giving my all

Fill me up, fill me up with the wonder
Give me a child-like heart
God help me rediscover
How wonderful You are
Wake me up, wake me up with the thunder
The beat of my Father's heart
God I wanna feel the wonder
Of how wonderful You are

I believe that God receives us
Like a father welcomes a child
So keep me younger
Wide eyed with wonder
Alive with Your love
Running wild

Fill me up, fill me up with the wonder
Give me a child-like heart
God help me rediscover
How wonderful You are
Wake me up, wake me up with the thunder
The beat of my Father's heart
God I wanna feel the wonder
Of how wonderful You are
How wonderful, how wonderful
How wonderful you are
