

Fade Away

Jay Park

I be in the field, I'm making plays yeah
Like my team, I'm ballin like I'm MJ
Hustlin boy I'm grindin' on my vacay
Make this last forever like
I'm Keith Sweat
This my day to day,
I never fade away
This my day to day,
I never fade away
Shootin' my shot today,
but I never fade away
Shootin' my shot today,
but I never fade away

This my day to day, I never fade away
They see me getting paid,
so they feel some type of way
But I don't pay no mind, I see dollar signs
Put that shit on repeat go press rewind
If you ain't heard by now
you better ask the squad
I put them in position
so they good for life
Spend Valentine's in the studio
this shit my wife
Soju bottles on my neck
this shit is fully iced

Swervy swervy off the liquor
Kids in her mouth need a sitter
Dress open chest body glitter
Forgive me God, I'm a sinner
Asking if this shit's historical
You know that question rhetorical
Rappers my son ask the Maury show
Your girl she thinks I'm adorable

I be in the field, I'm making plays yeah
Like my team, I'm ballin like I'm MJ
Hustlin boy I'm grindin' on my vacay
Make this last forever like
I'm Keith Sweat
This my day to day,
I never fade away
This my day to day,
I never fade away
Shootin' my shot today,
but I never fade away
Shootin' my shot today,
but I never fade away
