

Renaissance Man

Jay Park

Tatted on my fingers making millions
Renaissance Man, paint the ceiling
Lot of people in the building,
I'm the realest
They just talk a lot like Wendy Williams
Tatted on my fingers making millions
Renaissance Man, paint the ceiling
Lot of people in the building,
I'm the realest
They just talk a lot like Wendy Williams

Diamonds and gold,
Fendi all over my clothes
Diamonds and gold,
Fendi all over my clothes
Diamonds and gold,
Fendi all over my clothes
Diamonds and gold,
Fendi all over my clothes

For the squad, never fall,
that's on moms, that's on God
Get your broad, on her knees,
give me top
Through the town Darko Drako
in the house, mob around
Diamonds water, never drown,
boy we built it from the ground

Tatted on my fingers making millions
Renaissance Man, paint the ceiling
Lot of people in the building,
I'm the realest
They just talk a lot like Wendy Williams
Tatted on my fingers making millions
Renaissance Man, paint the ceiling
Lot of people in the building,
I'm the realest
They just talk a lot like Wendy Williams

Talk like Wendy Williams
Flex on you fuck your feelings
Breaking It down like genius
Fuck on your chick like S'il vous plait

Never been traveled,
I took the shovel and dug a road
Bust down the door,
and I'm at the brunch
saying wassup to Hov
Underdeveloped, look at me now,
I've had time to grow
Chip on my shoulder I'm cracking skulls,
picking at your bones

Tatted on my fingers making millions
Renaissance Man, paint the ceiling

Lot of people in the building,
I'm the realest
They just talk a lot like Wendy Williams
Tatted on my fingers making millions
Renaissance Man, paint the ceiling
Lot of people in the building,
I'm the realest
They just talk a lot like Wendy Williams

Diamonds and gold,
Fendi all over my clothes
Diamonds and gold,
Fendi all over my clothes
Diamonds and gold,
Fendi all over my clothes
Diamonds and gold,
Fendi all over my clothes
