Acting bad with my crew  
Hoes on my on dick  
Little momma what it do?  
Bottles to the head you should drink some too  
Don't pay it no mind I'm full of that juice  
I'm full of that juice  
Little momma pop that pussy gon' watch you get loose  
I'm full of that juice  
Bottles to the head you should drink some too

I got them bottles on deck  
Go ahead and take your pick  
Stunting on these haters  
Now watch me take a shit  
Dookie brown fit  
Gucci on my Mrs  
Where my bitches at  
These niggas fucking up my vision  
If you sipping what I'm sipping  
Then you feeling how I'm feeling  
Trying to make her bed rock  
Until I'm knocking down her ceiling  
Pop another pill  
Whatever you got to do  
Because somebody going to be my victim  
Once I swallow all this juice  
Wilding with my crew  
In VIP that's where I be  
Bottles everywhere  
Plus them sexy models service me  
Hennessy and sprite mix it up  
Watch me act a fool  
Gotta crack a bitch  
If I'm lucky going home with her too  
Bitch I'm thugging  
Plus the business outside on them buttons  
Pushing GS Regals and Cutlass like it's nothing  
Got a couple stacks  
Buy the bar like it's nothing  
Throw that glass in the air  
Come on over and drink you something  
Rock

Shout out to all my alcoholics  
This is for them weed smokers

And my single got the party rocking

Ladies about to choose  
Why you handcuffing brah?

Because they know my game be proper

Sipping on all types of liquor  
Taking all types of pictures

Drinking stupid hard  
If you tripping dog
