

## Street Lights

### Jedi Mind Tricks

I have the killing gene, I have machine guns and guillotines  
I'm the gorilla of Philistines, I'm living the killer's dream  
I just let the victim kick and scream  
Get the blood and smithereens out with Mr. Clean  
Separate your figurine into different dumpsters  
I'm getting hungrier and I ain't getting any younger  
Niggas should've killed me, now the wait's longer  
And the A-capability made me stronger  
I'm a die in service, I serve a higher purpose  
I ain't nervous of what surfaces from wire searches  
Mom sits inside a church reciting Bible verses  
I'm entitled to idol my homicidal urges  
I don't prefer help, getting to the death quotients  
It works by itself set in perpetual motion  
But I remove it, there's some probability to use it  
Cause I might lose it, present company included

The street light is the only light to ever shine  
Kill devils with metal from the Beretta nine  
If I shine I shine heavy metal grind  
Must be out your fucking mind, never question mine

The street light is the only light that ever shine  
Kill devils with metal from the Beretta nine  
If I shine I shine heavy metal grind  
Must be out your fucking mind to ever question mine

You should never upset the man, the bullets the size of Pepsi cans  
I am jolly while y'all are doing the best you can  
Me and Jus Allah lying and the rest are lambs  
I am possibly atrocity in West Sudan  
I'm humanism, I'm through the prism of western man  
I'm pugilism, I'm voodooism, I bless the sand  
My hands are made of titanium, I could wreck a van  
Lazarus, I am from Damascus and I am Sham  
I ain't letting go until the clip is done  
Y'all offbeat, every word I speak hit the drum  
The most beautiful thing to me is a glistening gun  
I find y'all is entertainment while I'm sipping rum  
And if I ever fall on hard luck  
I'll put some white on the street like a salt truck  
Cause I ain't trying to be hungry again  
With these lowlife motherfucking dummies again, never again god

The street light is the only light to ever shine  
Kill devils with metal from the Beretta nine  
If I shine I shine heavy metal grind  
Must be out your fucking mind, never question mine
