

Lip Bite

Jedward

Can you hear me howling for you tonight?
My heart is aching, can you be mine?

Cause I know you like that lip bite (lip bite, lip bite)
That's why I'm gonna do you right (do you right)
So let me take you on a date night (date night, date night)
And I'll make sure we got that candle light (candle light)

Yeah, I'm ready
Ready when you are baby
So just say the word when you want me
Tonight let's go all the way
Yeah, I know you like that lip bite (lip bite, lip bite)

So let's explore the passion
Between you and me
There's no denying, baby
We got chemistry
Because my blood start pumping
When you walk into room
You gotta show me all the things that you're into

Cause I know you like that lip bite (lip bite, lip bite)
That's why I'm gonna do you right (do you right)
So let me take you on a date night (date night, date night)
And I'll make sure we got that candle light (candle light)

Yeah, I'm ready
Ready when you are baby
So just say the word when you want me
Tonight let's go all the way
Yeah, I know you like that lip bite (lip bite, lip bite)

Yeah, I'm living for this
You're such a tease
Everything you do
Is giving me the feels
So baby, let me get you out of them jeans
And I promise I can make you scream

(Oh baby)
Come on taste my flavour
I'm on my bad behaviour
Yeah, babe, I got the power
To have you feeling better

Yeah, dare me and I'll show ya
I strike you hard like thunder
Can fight this any longer
So be my dirty dancer

Oh, come on taste my flavour
I'm on my bad behaviour
Yeah, babe, I got the power
To have you feeling better

Cause I know you like that lip bite (lip bite, lip bite)

That's why I'm gonna do you right (do you right)
