

Phoenix Wings

Jedward

Hearing you speak is like a symphony
You paint a vision with such imagery
Its thanks to you I'm brighter and no longer lost
Your my therapy, all my happy thoughts
And your words alone, they inspire me
We go together so brilliantly

Cause you helped me through the dark
And gave me the chance to be me
And now I wear my battle scars
I lived to tell the tale you gave me phoenix wings

Let's fly so high
Let's fly so high

Cause you helped me through the dark
And gave me the chance to be me
And now I wear my battle scars
I lived to tell the tale you gave me phoenix wings

Like a treasure hunter you saw gold in me
You lit my fragile heart in a time of need
I still wonder what it is you see in me
You change my life for the better now I'm flying free

Its great you see the world so differently
You live a life of adventure that's the way it should be
With you I'm lost in a fairytale of make believe
What an incredible feeling, you're so good for me

Cause you helped me through the dark
And gave me the chance to be me
And now I wear my battle scars
I lived to tell the tale you gave me phoenix wings

Let's fly so high
Let's fly so high

Cause you helped me through the dark
And gave me the chance to be me
And now I wear my battle scars
I lived to tell the tale you gave me phoenix wings...
