

Pre-amp pro sound performance
Groove tube
Killer caps
Pure Strat Cat
Patch in
Dangerous distortion
Serious sustain

Slinky, super slinky
Boomers double ball ends
It'll faze, it'll flange, it'll fuzz
It's fast it's flexible
Just feel those frets

A simulated cone filter
For stereoizing a mono source
It's got scaled down Strat style body
With a feel of a Les Paul

Deep cutaways and no pick guard
And a couple of humbuckers
Full shred

Stiff neck brass nut and an ebony finger board
Ball's Deluxe
