

# Afterworld

Jeff Scott Soto

Well it's time to get ready  
This is your chance to be heard  
There will be lots of screaming/shouting  
Tonight is gonna be absurd, yea

There's no place to run, no place to hide  
Come on give it up  
Step into the light, step right up  
Come on take me by the hand,  
Now's the time to make your stand

Hey, it's a party into the afterworld  
It's not over till it's over  
Hey join the party into the afterworld  
Tell your sisters and your brothers

It's the final celebration  
From London Town to Hollywood  
Now it's the big commemoration  
All to gain but nothing to lose

So what u waiting for, there's no excuse  
Come on give it up  
Step into the light, step right up  
It's the greatest freak galore  
I don't think u know what's in store

Hey, it's a party into the afterworld  
It's not over till it's over  
Hey join the party into the afterworld  
Tell your sisters and your brothers

So what u waiting for, there's no excuse  
Come on give it up  
Step into the light, step right up  
It's the greatest freak galore  
I don't think u know what's in store

Hey, it's a party into the afterworld  
It's not over till it's over  
Hey join the party into the afterworld  
Tell your sisters and your brothers
