

Krazy world

Jeff Scott Soto

Everybody looking for a better way, better day
World is-a changing, don't know if I like what I see
Simpler times are behind us, what more can I say?
Whatever happened to satisfaction guaranteed?
Listen...

This I tell u my child...

Step into the fire
Pay the price or u might get burned
And welcome to this crazy life we live!

Carjacks, hijacks emulated on video games
Life is a reality, fantasy TV show
Everyone's a star in this youtube voyeuristic display
Watch what u do and say or you'll be the next to go

This I tell u my friend...

Step into the fire
Pay the price or u might get burned
Welcome to this crazy world
Riding on the wire
Get in line and await your turn
And welcome to this crazy life we live!

This crazy life, this crazy world
Just step right up and feel the burn!

Solo

This I tell u my child
This I tell u my friend

Step into the fire
Pay the price or u might get burned
Welcome to this crazy world
Riding on the wire
Get in line and await your turn
And welcome to this crazy life we live!
