

# Tears That I Cry

Jeff Scott Soto

Feels like I'm running circles  
Not much left that I can do, no ooh whoa  
You got my body crying  
Don't know how to get through to you

But I can't deny the way u  
Got me senseless... for your desire  
I don't wanna cry no more its true  
And all I wanna do is

Hold on - cuz it tears me apart when I know in my heart you'll  
go  
So long - I been fighting goodbye  
Ride on - don't want another day if you're not gonna stay, I know  
So long - are the tears that I cry

People around us are saying  
They can see right through all the lies yea yea  
But through all the tunnel vision  
I can see clear it's in your eyes

The more that I try to push u  
Got me yearning... for your fire  
Can't get u outta my mind it's true  
And all I wanna do is

Hold on - cuz it tears me apart when I know in my heart you'll  
go  
So long - I been fighting goodbye  
Ride on - don't want another day if you're not gonna stay, I know  
So long - are the tears that I cry

Girl u got me shaking  
Cuz my heart you're breaking  
Cuz I don't wanna be without u  
Can u erase the tears I cry?

Hold on - cuz it tears me apart when I know in my heart you'll  
go  
So long - I been fighting goodbye  
Ride on - don't want another day if you're not gonna stay, I know  
So long - are the tears that I cry
