What you gonna do when you feel your lady rollin'
How you gonna feel when you see your lady strollin'
On the deck of the starship
With her head hooked into Andromeda
C'mon Hijack
Gotta get back and ahead to the things that matter
Amerika hates her crazies
And you gotta let go you know
gotta let go You know or else you stay
SPILLIN' OUT OF THE STEEL GLASS
GRAVITY GONE FROM THE CAGE
A MILLION POUNDS GONE FROM YOUR HEAVY MASS
ALL THE YEARS GONE FROM YOUR AGE

Hydroponic gardens and forests Glistening with lakes in the Jupiter starlite Room for babies and Byzantine dancing astronauts of renown The magician and the pantechnicon Take along the farmer and the physician We gotta get out and down Back into the future Beyond our own time again Reachin' for tomorrow It's so fine Starshine THE MELTING ACID FEVER STREAKIN' THRU MY MIND MAKES IT OH SO DIFFICULT TO SEE YOU AND OH SO EASY TO TOUCH YOU I MELT WITH YOU FEEL WITH YOU MAKE LOVE FOR YOU AT YOU AROUND YOU I LOVE YOU

Dear Brumus, the ship'll be ours and you got to roll with it Though your master's head's blown off you got to go with it Roll with the natural flow Like water off a spinning ball Out - the one remaining way to go Free - the only way to fall The light in the night is the sun And it can carry you around the planetary ground And the planetary whip of the sun Will carry you well past Gideon And the people you see will leave you be more than the ones you've known before Hey - rollin' on We come and go like a comet We are wanderers Are you anymore? The land is green and you make it grow And you gotta let go you know You gotta let go you know You gotta let go you know Or else you stay

MANKIND GONE FROM THE CAGE
ALL THE YEARS GONE FROM YOUR AGE
At first
I was irridescent
Then
I became transparent
Finally
I was absent
