

## Take It Off

Jennifer Nettles

In the back of my closet  
There's a yellow dress  
The tag is still on it

Won't you give me a reason  
To take it off?  
Won't you give me a reason  
To take it off?

Now tomorrow's a work day  
Like all the rest  
No holiday, no birthday

Won't you give me a reason  
To take it off?  
Won't you give me a reason  
To take it off?

Well, I got all of these responsibilities  
And I know, boy, you do too  
Well, won't you pretty please  
Take my mind off of me?  
And I'll take yours off of you

Now the bottle is open  
There's ice in the glass  
Got an itch and I'm hopin'

You could give me a reason  
To take it off  
Won't you give me a reason  
To take it off?

Take it, take it, take it off  
Take it, take it off, take it, take it off  
Oh, won't you take it off?  
Won't you take it off?  
(Take it off)  
Oh, won't you give me a reason  
To take it off?
