

# Way Of The World

Jennifer Paige

It's the way of the world, oh

Who he is, who I am, how we move, it's a wild ride, a frenzy  
I could catch my breath to stop and see what I feel inside  
Is this happy? What's going on all around me?  
I just can't work it out exactly, it all comes down so abstractly

It's the way of the world of you and me  
It's every wish I ever made or ever thought I might  
It's the way of the world of you and me  
And all I know is I love the way I feel  
It's the way of the world, oh

What does it mean? Scattered, crazy, suddenly  
I'm lost in you, I've got to be spinning and flashing and dashing  
With every turn I'm taking, it's heaven in the making  
The moments race right past me, sometimes I just burst out laughing

It's the way of the world of you and me  
It's every wish I ever made or ever thought I might  
It's the way of the world of you and me  
And all I know is I love the way I feel  
It's the way of the world, oh, it's the way of the world

I'm thinking to myself  
Where did I go? All I know is that I'm somewhere else  
Lost in a mystery  
In another world, there's nowhere else I'd rather be

It's every wish I ever made or ever thought I might, oh  
And all I know is I love the way I feel, the way I feel, oh

It's the way of the world of you and me  
It's the way of the world of you and me  
It's every wish I ever made or ever thought I might  
Way of the world of you and me  
And all I know is I love the way I feel  
It's the way of the world, oh oh  
It's the way of the world of you and me
