

# The Boys And Me

Jennifer Warnes

Isn't this fine?  
Just like a dream?  
You and your buddy  
Me in-between

Leavin' trails of dust  
Where the road is flat  
They'll never catch us  
We're faster than that

Tonight we'll watch the desert boil  
Tonight we'll burn the midnight oil  
Tonight we'll make some history  
We're goin' for broke, the boys and me

And we won't slow down  
We won't slow down  
It's full throttle, baby  
Down to the ground

We're Roman candles  
And heaven is ours  
Goin' explode like mighty diamonds  
Across the stars

Oh, it feels so fine  
Outrunning time  
Leaving the whole damn thing behind

If we could pay to feel this free  
We'd go for broke, the boys and me

And we won't slow down  
We won't slow down  
Full throttle, baby  
Down to the ground

We're Roman candles  
And heaven is ours  
Goin' explode like mighty diamonds  
Across the stars

And we won't slow down  
We won't slow down  
'S full throttle, baby  
Down to the ground

We're Roman candles  
The whole wide world is ours  
Goin' explode like mighty diamonds  
Across the stars

Whoa-whoa, oh-oh  
Oh, oh, oh
