

## hell or flying

Jeremy Zucker

I'm petrified that you're dying by design  
Waste every day until you're wasted and afraid

I hope it doesn't hurt  
That I don't make it worse  
I'll always feel this far away

But I, I will lay down by your side  
I will keep an open eye while you stare into the sun  
Promise me you're done  
Promise me you're done

I'm not surprised, oh, in love like I was last night  
Hold down the floor, 'cause I'm not dancin' anymore

As long as I'm awake  
I'll live with my mistakes  
I'll always feel this far away

But I, I will lay down by your side  
I will keep an open eye while you stare into the sun  
Promise me you're done  
Promise me you're done

Promise me you're done  
Promise me you're done  
Promise me you're done, done, oh  
Promise me you're done
