

## Turn It Out (Intro)

Jermaine Dupri

Spit at the world  
My lyrics, I could spit at your girl  
Spit when I hurl, spit on the Dutch and finish the twirl  
Spit facts, spit on whacks my whole lifetime  
Spit on my watch, make the ice shine  
Spit trife lines, .44 spit slugs out  
Ready to thug out at the clubhouse  
Chickens who lickin' or spit a nut out  
My name within itself is a language that bring you wealth  
Careful, comin' at me is like hangin' yourself at a.....  
I know you thought I'd be locked up  
Dead by now, shot up, full of lead by now  
Got up wit' JD doh', crazy dough  
Queens with the So So Def, A-T-L's best (yeah I know)  
Every ride up the 9-5, fly friendly skies  
Thug passion for J Doves, Henneys for Nas  
Then we mix that shit, tip that shit  
Pass it around, hook the hood, everybody get wit' it

Through thick and thin, from beginning to the end  
Never do I lose, all I do is win  
Cause Queens Bridge is in the house  
This is Nas Escobar and I turns it out  
Through thick and thin, from beginning to the end  
Never do I lose, all I do is win  
Cause Collin Park is in the house  
They call me Don Chi Chi and I turns it out

I'm sumpin' y'all dread like locks, get bread by the flocks  
Bitches love me and I'm duggy from the head to the socks  
Too much to handle, here da man of the year  
Hit rooms and light'em up like a chandelier  
From C-P to the Bridge, y'all know what it is  
Been gettin' money like this since I was a kid  
I'm in the corner with bitches and buckets of Cris  
Pourin' at the most goin'est nigga wit' shit that showin' it  
Now look at my ice, look at your ice, DAMN  
Look at my life, look at your life, DAMN  
See, I got niggas wantin' to drop me, top me, stop me  
Copy Chi to the T cause I'm nice in the 3 black same color AMG's  
T.V's, front and back pack with nuttin' but ladies  
You can look up or down, right or left  
But all you gon' hear and see is So So Def

Through thick and thin, from beginning to the end  
Never do I lose, all I do is win  
Cause Queens Bridge is in the house  
This is Nas Escobar and I turns it out  
Through thick and thin, from beginning to the end  
Never do I lose, all I do is win  
Cause Collin Park is in the house  
They call me Don Chi Chi and I turns it out

Touch the whole global with cold vocals and dark words  
Vocal cords translate what my drunk heart slurs  
Chest clogged up with sparkled up herb, I feel faint  
Tryin' to hold myself together, coulda spilt my own drink

All I hear is beats bumpin', I'm seein' in doubles  
Last thing I need to happen is to be in a scuffle  
Where my dogs at? These ain't my niggas I loah  
Help the guard, forgot my niggas took some girls to the car  
Tryin' to make it through the crowd, which way is out?  
Which way is around? These grimy motherfucker's pointin' me out  
I wish I had the drink, but then I'm too intoxicated to aim and put the clip in  
It's like the floor's wet and every step is like I'm slippin'  
And yo, I can't lose a step, I feel my enemies followin'  
All I got as a weapon is this Hennessee bottle  
I'm talkin' to myself, my peoples should be stickin' with me  
Somebody grabbed me up, "Yo Nas, come take this picture wit' me"  
My ice strillon, I'm feelin' my arm  
Thought my Roley was gone, now I wanna swing but I'm calm  
Still got that, DJ musta threw on another hot track  
Think it was this one here, bounce to that  
Too much Thug Passion and smokin'  
Made it outside, mouth wide, vomittin', gaggin' and chokin'  
From behind, niggas plottin' and scopin'  
Everything was blurry at first, but now shit is movin' in slow motion  
I saw my niggas pull up, Perelli's they skidded  
They open the car door and toss-ed me in it  
My cats tried to rob me, the crowd was rowdy  
But one thing's for sure, So So Def know how to party

All night long {'til when?}  
Til the early morn (it don't stop)  
And uh (it don't quit)  
And uh (So So Def with the dope shit, bitch!)
