

## Bluer Words

Jerry Lee Lewis

You tried to tell me somethin' for such a long long time  
I tried so hard to keep from hearing what was on your mind  
I made believe you'd never leave but I guess I should have know  
n  
That someday you'd say those leavin' words that said your love  
was gone

And bluer words bluer words  
Were never spoken were never spoken  
Fewer words fewer words  
Kept my heart hoping kept my heart hoping  
One heart's gone you know one heart's broken  
And bluer words were never spoken

Yes, bluer words (were never spoken)  
Darling, they were never spoken  
(Fewer words) fewer words  
(Kept my heart hoping) kept my heart hoping

One heart's gone and one heart is broken  
And bluer words were never spoken  
(Bluer words) those bluer words  
(Were never spoken) were never spoken
