

Rockin' My Life Away

Jerry Lee Lewis

Fourteen ninety-five, and nineteen forty-eight
I threw a rockabilly party on my last birthday
But it was good, rockin' my life away
I just movin' and groovin'
And gettin' it both night and day
I got a gal called Milly, she's chilly pepper hot
She know how to roll, and she know how to rock
I'm rockin', rockin' my life away
Oh, and a boogie woogie baby
I like to do it both night and day
Ah ah oh

Steamliner, fleetliner, military brass
She knows the general's daughter but the killer's got brass
I'm rockin', rockin' my life away, ah ah
I'm just movin' and a-groovin'
And rockin' both night and day

And I'm rockin', rockin' my life away
I'm just movin' and groovin'
And boogyin' both night and day
I'm just rockin', rockin' my life away
I'm just rockin' and rollin' my life away
My name's Jerry Lee Lewis and I'm damn sure here to stay
