

# The Closest Thing to You

Jerry Lee Lewis

She'll listen as I climb the stairs and know the shape I'm in  
'Cause every time I've had a few Lord I'm at her door again  
Well it's not right and it's not love but she's here most anyti  
me

And she's the closest thing to you that I can find

I've used her time and time again  
But I never used her up  
It seems that after all this time  
She'd finally get enough  
'Cause even though she's in my arms  
That woman knows who's in my mind  
She's the closest thing to you that I can find

Well I've known it's wrong all along but here I am again  
So we'll talk awhile and then she'll smile  
And finally she'll give in  
Well it's not real, it's not right  
But tonight Lord she'll be mine  
She's the closest thing to you that I can find

I've used her time and time again  
But I never used her up  
It seems that after all this time  
She'd finally get enough  
'Cause even though she's in my arms  
That woman knows who's in my mind  
She's the closest thing to you that I can find
