

# You Ought To See My Mind

Jerry Lee Lewis

Yes darling it's me  
It's been a long long time  
How's the world been treating you?  
I hope it's been kind

Please forgive me darling  
I know I don't look so fine  
But baby if you think my clothes look bad  
You ought to see my mind

They say I fell to pieces  
Of course I wouldn't know  
Where I've been baby, I pray to God  
You'll never have to go

They tell me I'm going to make it  
If I'll just give it time  
Darling if you think my clothes look bad  
You ought to see my mind

They say I fell to pieces  
Of course I wouldn't know  
Where I've been baby, I pray to God  
You'll never have to go

They tell me I'm going to make it  
If I'll just give it time  
Darling if you think my clothes look bad  
You ought to see my mind
