

# Won't Say No

Jess Glynne

Tell me, can you keep a secret?  
If you're hiding then I'll seek it  
'Cause I wanna get closer, I wanna get close to you  
If I speak a little louder  
Don't say nothing, don't say nada  
'Cause I wanna get closer, I wanna get close

All day, you've got me always  
Even when I'm away  
All you ever have to do is ask  
All day, you've got me always  
Even when I'm away  
All you ever have to do is ask

I won't say no  
I won't say no  
I won't say nothing, I'll just give it all to you  
I won't say no  
I won't say no  
And everything I have, I'll give it all to you

I don't need no rhyme or reason  
To protect the way I'm feeling  
'Cause I wanna get closer, I wanna get close to you  
If instead I cause problems  
Don't worry, we can solve them  
'Cause I wanna get closer, I wanna get close

All day, you've got me always  
Even when I'm away  
All you ever have to do is ask

I won't say no  
I won't say no  
I won't say nothing, I'll just give it all to you  
I won't say no  
I won't say no  
And everything I have, I'll give it all to you  
I won't say no  
I won't say no  
I won't say no  
I won't say no

I won't lie, no, no  
I won't lie, unless I'm lying right next to you  
Lying right next to you  
I won't lie, no, no  
I won't lie, no, no  
I won't lie, unless I'm lying right next to you  
Lying right next to you

I won't say no  
I won't say no  
I won't say nothing, I'll just give it all to you  
I won't say no  
I won't say no  
I won't say nothing, I'll just give it all to you

I won't say no  
I won't say no  
And everything I have, I'll give it all to you
