

Let It Go

Jessi Colter

[Chorus]

There ain't no way you'll ever buy an acre land in heaven
And there ain't no name of yours going to get you in
There ain't no hand you've ever held knows its way across Jord
an
Let it go let it go let it go

[Verse]

Let it go turn it loose
Those chains that want to strangle you
Don't you want to feel free don't you want to be whole
He can make you so real you gotta give him control
There ain't no shame you are carrying can make him stop loving
you
And there ain't no wrong you've done he won't forgive you
He knows our body's made of dust he knows our days are few
Let it go let it go let it go
Let it go turn it loose
Those chains that's going to shackle you
Don't you want to feel free don't you want to be whole
He can make you so real you got to give him control

[Chorus]
