

Galaxy

Jessica Mauboy

Hey, uhuhu!
Not sure how I survived,
Before I left this night,
Before I came alive I was lost!
I felt you pulling me, harder than gravity
Harder than anything i know

So in love with you,
There's nothing I won't do
I travel at the speed of light
So I can be right by your side!
You make me feel like the whole world isn't real,
And you're the only star in the sky, sky, sky!

Hey, there's no time or space
Everything just melts away when I'm lying here
In your galaxy!
When you smile eternally
No place I rather be when I'm lying here
In your galaxy!
Oh, oh, oh, oh!
In your galaxy
When you smile eternally
No place I rather be when I'm lying here
In your galaxy!

Oh, oh, oh, yeah!
Like a comet to my heart
You illuminate that dark
Show me all the parts of me I've never seen!
We come from different places, different destinations
When I'm with you I'm home, I'm home

You make me feel like the whole world isn't real,
And you're the only star in the sky

Hey, there's no time or space
Everything just melts away when I'm lying here
In your galaxy!
When you smile eternally
No place I rather be when I'm lying here
In your galaxy!
Oh, oh, oh, oh!
In your galaxy
When you smile eternally
No place I rather be when I'm lying here
In your galaxy!

You healed every heart break, took me on a journey
To a place so high, way above the clouds!
Don't matter where we go,
As long as I'm in your world,
I never wanna be any place, yeah!

Hey, there's no time or space
Everything just melts away when I'm lying here
In your galaxy!

When you smile eternally
No place I rather be when I'm lying here
In your galaxy!
Oh, oh, oh, oh!
In your galaxy
When you smile eternally
No place I rather be when I'm lying here
In your galaxy!
