

# Wish You Well

Jessica Mauboy

I don't know when we stopped talking  
Or who had the last word  
But there's so many old conversations running all through my head  
I don't have room for this hurt in my heart anymore

Yeah it would make me happy if I knew you were happy  
'Cause we couldn't be happy how it was  
And if I saw you smiling then it would make me smile  
And it's been a little while for both of us  
And I wish you well  
And I wish you well  
I wish you well  
And I wish you well

I don't remember the last time I saw you  
Or who you were with  
So much easier just staying bitter  
Than to forget or forgive  
I don't have room for this hurt in my heart anymore  
And I only hope that you found what you were looking for

Yeah it would make me happy if I knew you were happy  
'Cause we couldn't be happy how it was  
And if I saw you smiling then it would make me smile  
And it's been a little while for both of us  
And I wish you well  
And I wish you well  
I wish you well  
And I wish you well

I wish you all the happiness you can find in this world  
I wish you all the things we couldn't find between ourselves  
I don't have room for this hurt in my heart anymore

So I wish you well  
And I wish you well  
I wish you well  
And I wish you well  
And I wish you well  
And I wish you well  
I wish you well  
And I wish you well  
So I wish you well
