

# Harder We Fall

Jessie J

So whatever path we chose to take  
There will be highs and there will be lows the same  
Oh well never run from our mistakes  
The harder we fall the harder we try

Ain't it funny how were all afraid  
That tomorrow everything could change  
We forgot we gotta just enjoy the night  
That's right yeah  
Ain't it funny how were all the same  
Different story for a different name  
We forget we gotta just enjoy the ride tonight so

So oooo oooo, you gotta live your life true  
To how you feel inside  
You gotta live your life  
Put your hands up  
Buckle up and fight

So whatever path we chose to take  
There will be highs, and there will be lows the same  
Oh well never run from our mistakes  
The harder we fall the harder we try

Have you ever really lost your mind  
Then realize it was a waste of time  
Thinking bout all the things you cant control oh no  
Have you really ever gone insane?  
Focusing on what you cant explain  
It's good to know that I'm not the only one, come on  
Say!

Oooo oooo, you gotta live your life true  
To how you feel inside  
You gotta live your life  
Put your hands up  
Buckle up and fight!

So whatever path we chose to take  
There will be highs, and there will be lows the same  
Oh well never run from our mistakes  
The harder we fall the harder we try again  
Oh oh, oh oh, oh, oh  
The harder we fall  
Oh oh, oh oh, oh, oh  
Well just try again  
Oh oh, oh oh, oh, oh  
The harder we fall  
Oh oh, oh oh, oh, oh  
Well just try again

So whatever path we chose to take  
There will be highs, and there will be lows the same  
Oh well never run from our mistakes  
The harder we fall the harder we try  
So whatever path we chose to take  
There will be highs, and there will be lows the same

Oh well never run from our mistakes  
The harder we fall the harder we try  
Well just try again
