

## Bad as It Gets

Jewel

I close my eyes, So I can't see you leaving  
I still hear, You walking out  
I can't move, Feel like I'm not breathing  
How do I live without you now

Is this as bad as it gets  
Is this as hard as it seems  
Is this the way it feels with a dagger through your heart  
When you're falling to your knees ripped and torn apart  
How long am I gonna cry, feel like I'm gonna die  
Trying to forget  
Is this as bad as it gets

Turn out the light, it hurts too much  
To know you're never coming home again  
You said goodbye

Is this as bad as it gets  
Is this as hard as it seems  
Is this the way it feels with a dagger through your heart  
When you're falling to your knees ripped and torn apart  
How long am I gonna cry, feel like I'm gonna die  
Trying to forget  
Is this as bad as it gets

Tonight, Tell me I've seen the worst of this jagged knife  
Deep inside my broken heart  
He'll only leave a scar

Is this as bad as it gets  
Is this as hard as it seems  
Is this the way it feels with a dagger through your heart  
When you're falling to your knees ripped and torn apart  
How long am I gonna cry feel like I'm gonna die  
Trying to forget  
Is this as hard  
Is this as tough  
Is this as bad as it gets

I close my eyes so I can't see you leaving.
