## What's Simple Is True

Turn to me with frozen lips Your hands are icy cold Your eyes burn bright against the frost-bit sky You never seemed more lovely than you do tonight Pale on the horizon Like leaves frozen in the snow Our two shadows merge inseparably Will time stand still if it's pierced with cold The more I live The more I know What's simple is true I love you

There's a warmth in my heart It haunts me when you're gone Mend me to your side and never let go Say 'Time knows nothing, we'll never grow cold' The more I live The more I know What's simple is true I love you

Twilight descends on our silhouette How soon spring comes How soon spring forgets I wanna hold time, say it'll never begin Old man winter be our friend Old man winter be our friend 'Cause the more I live The more I know What's simple is true What's simple is true I love, I love you
