

Promises

Jhené Aiko

(Twinkle) Little (Star)
How I wonder what you (Are)
Sing it Nami

I've been coming home late night
I've been sleeping past day light
I'm waking up you're not by my side
Baby that ain't right
I wanna be there with you
I really do be missing you
Everything I do is for you
And I really do adore you
You're getting so big now
You're making me so proud cause
You are such a star
And you know that you are
So every single little moment
I can't be there to hold your hand
I need for you to know that
I need for you to know that
Anything should happen, anything should happen
Cause anything could, if anything should happen
Know that you'll be alright, know that you'll be alright

Just promise you'll be alright, promise you'll be alright
If anything (Alright, promise I'll be alright)
(Promise I'll be alright, promise I'll be alright)
If anything should happen (Promise I'll be alright)
(Promise I'll be alright, promise I'll be, promise I'll be, alright)

Swear that I can still feel you here
I just can't believe you're not here
I've been needing you
All I dream is you
Uh, don't think I can make it
I don't think I can make it
But then I hear you say that
I bet not do nothing crazy
Cause Nami really needs you
And I would never leave you
Cause I am in the stars
And everywhere you are
And every single little moment
And every single bit of sunshine just
Know that I am right by your side
And know that you are right by my side
So I'm a make you so proud
And you don't ever have to worry 'bout me
No, you don't ever have to worry 'bout me

Promise I'll be alright, promise I'll be alright
Wish that you were here now
I'm missing you right here but
Promise I'll be alright, promise I'll be alright
Promise I'll be alright, promise I'll be, promise I'll
Promise I'll be alright, just know that I'll be alright
Know that I'll be alright, know that I'll be, know that I'll be alright

Alright
Alright, alright, alright
Alright, alright, alright

Everything is alright, everything's in your mind
Life is what you make it, life is what you make it
And anything can happen, anything can happen
But you just gotta get past it, you just gotta laugh at it
Anything can happen, you fall down get back up
And you better believe that nothing holding me back
So everything is alright, everything is alright
Everything is alright, promise I'll be
Promise you'll be, promise we'll be alright

Hello, Aiko
