Jimmy Dean

(Break my heart) it'll be easy (tear it apart) it'll be easy All you have to do is say our love can't be that's enough for m e

(Say goodbye) tell me it's over (make me cry) hurt me all over If you wanna break my heart it'll be easy

I can tell you're searching hard to find a way to say we're thr ough

You're trying not to be unkind so I'll make it easy for you Just say that you don't love me it's better not to lie But let me keep one memory fore you say goodbye (Break my heart) it'll be easy...

If you wanna break my heart it'll be easy
