Carbon Scoring

Jimmy Eat World

Here we go. (My only cold I fought.) Here I am, frozen in time I find a way from you, pave the way. And cause I can't stand still they'll leave you down and out. And when your face gets here I'll stab you in the back. Tell me now, I need to know how long. Clear the way. Don't make me wait all day. With you, from you, pave my way. And cause I can't stand still, they'll leave you down and out. And when your face gets here I'll stab you in the back. It's a long way home. Can't you find your way? I'm a trampoline. Lift me up over farenheit. I'm a trampoline. I...
