

## Long Way South

JJ72

Torrential high seas  
Dragged me to my knees  
Bleeding perfumed blood  
Magic mixed with mud and

Grace I need you to ease  
My place in this world  
Of face I don't want to ever

Death defying breeze  
Is just what I need  
Ease this passing blood  
Pressure in my ears and

Grace I need you to ease  
My place in this world  
Of face I don't want to ever

Torrential high seas  
Dragged me to my knees  
Bleeding perfumed blood  
Magic mixed with mud and

Grace I need you to ease  
My place in this world  
Of face I don't want to ever
