

# Give Me Life

JLS

You give me la la la la la la life  
La la la la la la  
Hit me one more time  
La la la la la la life

I feel your blood pumping through my veins  
My veins, right through my veins  
So when you go I feel so drained  
So drained, I feel so drained  
The flow of your energy is raging  
Cause girls when it's gone, it leaves me craving oh

Intravenous love, feel it dripping into my veins  
Intravenous love, feel it pump pump pump

You give me life  
Woah woah  
You give me life  
Woah woah  
You give me la la la la la la life

Keep me alive, check my vital signs  
My pulse feels weak, so weak  
I need a supply of your mouth to mouth  
Don't speak, load me, don't speak  
The flow of your energy got me racing  
And let's go cause it's live or die we're chasing, oh

You give me life  
Woah woah  
You give me life  
Woah woah  
You give me life  
Woah woah  
You give me life  
Woah woah

Intravenous love, feel it dripping into my veins  
Intravenous love, feel it pump pump pump  
Intravenous love, feel it dripping into my veins  
Intravenous love, feel it pump pump pump

You give me life  
Woah woah  
You give me life  
Woah woah
