

# A Joyful Noise

Jo Dee Messina

Somethin' 'bout the season  
Put's my heart in my throat  
Put's a light in my eye  
Fills me with hope

There's so many reasons  
For the smile on my face  
I can't keep from singin'  
When I'm feelin' this way

Make a joyful noise  
Send it out across the sky tonight  
Send it racin' through the cool starlight  
Let it fall on Heaven's ears

Sing a song of peace  
A song of all the gifts that peace can bring  
Make a joyful noise and let it ring  
For all the world to hear

Somethin' 'bout December  
Get's me thinkin' of the past  
How the child that I was  
Grew up so fast

But I still remember  
Gettin' caught in the thrill  
In the magic of the season  
And I know I always will

Make a joyful noise  
Send it out across the sky tonight  
Send it racin' through the cool starlight  
Let it fall on Heaven's ears

Sing a song of peace  
A song of all the gifts that peace can bring  
Make a joyful noise and let it ring  
For all the world to hear

Ooh, make a joyful noise  
Send it out across the sky tonight  
Make a joyful noise and let it ring  
For all the world to hear

Just let it ring  
For all the world to hear
