

Love on a Maybe

Jo Dee Messina

You say, "Don't be mad at you."
But what am I supposed to do?
I can't keep wastin' space in my heart.

You get close and then you push away.
Your car is back in my driveway.

You know what to say.
I hope you stay.

Can't come back around.
Can't come back around.
Gettin' my hopes up just to tear 'em down.

I, I don't need you for a minute.
Don't stand there tellin' me you're in it 'cause.
I need you to show me you won't leave me hangin'.
No, I can't give. Give him my love.
No, I can't give my love on a maybe.

You know every part of me.
Reach in to the heart of me.
You made me believe I'm on top of the world.
Get close. Come sit close to me.
So that. So that you can see.
The view from up here is undeniable.

We could be incredible.

I, I don't need you for a minute.
Don't stand there tellin' me you're in it, no.
I need you to show me you won't leave me hangin'.
No, I can't give. Give him my love.
No, I can't give my love on a maybe.

I can't give. Give him my love.
No, I can't give my love on a maybe, no.

Love on a maybe, no.
