

Pain and Sorrow

Joe Bonamassa

Sparkle as the tears come
They glitter as they fall
You sacrifice your love
For the wonder of it all
But I will, and you won't
And I deal, and you don't, yeah

Livin' on pain and sorrow
Until you find another way
Livin' on pain and sorrow
Until I find another way

Where's your silver lining?
Where's your long lost friend?
The emptiness is shining
From somewhere deep within
But I will, and you won't
And I deal, and you don't yeah

Livin' on pain and sorrow
Until you find another way
Livin' on pain and sorrow
Until I find another way (2x)

No I...go on
It's your life baby
'Til you find another way
Go on...oh yeah

Pain and sorrow
Pain and sorrow
Pain and sorrow
Find another way
